

Drum Consulting

You would love to create a Shamanic Drum, but you don't know where to start from? You feel the need to create a deep and lasting bond with your new Drum (or with one you already have), but you don't know how to do that? This is the service you are looking for!

I put my experience in designing and creating drums and in guiding people into getting in contact with the spirit of their Drum, to awaken its power, at your disposal; through a variety of private consulting packages I will guide and support you in this deep and unique experience.

The Packages

There are three available packages, that can be purchased singularly or all together, with a discount on the total price.

By clicking on the link to purchase each package, you will be able to contact me directly through e-mail, to discuss the best date for the consulting and the paying methods.

In the following pages, you will find the in-depth description of these four options:

- The BASIC PACKAGE
- The "DREAMING THE DRUM" package
- The "AWAKENING THE DRUM" package
- The "POWER OF THE DRUM" complete package

BASIC PACKAGE

A 30 minutes personalized session (using Zoom or Skype). During this session I will listen to your ideas and projects regarding the drum you would like to realize and I will counsel you, based on my experience and balancing your specific desires with technical aspects. In the end I will present you three different personalized projects, with different characteristics and prices, from which you will be able to make your choice.

“DREAMING THE DRUM”

A personalized pathway, including **two sessions of 30 minutes each** and **written instructions** to guide you towards receiving a vision of your Drum... and make it a reality!

How does it work?

Right after the payment is made, I will get in touch with you to decide on the best date of the first session; you will also receive the **complete instructions to receive a vision of your Drum**, through shamanic journeying, guided

visualization or dreaming.

During the first session: I will listen to the reports of your experience and we will discuss the informations you received and the potential issues you may have faced.

I will help you in clarifying your experience and shedding light on the main elements, and I will gather all the necessary information to proceed to the designing stage.

During the second session: I will present you the ideas generated by the reports of your experiences and visions, and I will offer three projects with different characteristics and prices, from which you will be able to make your choice. We will discuss together your specific needs, from a practical, aesthetical and spiritual point of view, so that we can identify the Drum that's perfect for you.

You will then have the final project of your Drum and you will be able to choose if you want to have it realized immediately or at a later stage: the project (and the estimate) will remain valid.

“AWAKENING THE DRUM”

A personalized pathway, including **two sessions of 30 minutes each** and **written instructions** to guide you towards meeting the Spirit of the Drum, **discovering its specific power** and awakening it in the best possible way, through a **dedicated ceremony**.

How does it work?

Right after the payment is made, I will get in touch with you to decide on the best date of the first session; you will also receive the **complete instructions to meet the Spirit of your Drum**,

through shamanic journeying*.

To be able to follow this path you will have to already own a Drum (not necessarily made by us).

During the first session: I will listen to the reports of your journey, helping you in clarifying your experience and the potential issues you may have faced. I will help you in integrating the messages you have received and individuating the specific powers of the Drum's Spirit (and how to work with them in the best possible way) and the special care that the Drum's Spirit may require. I will also gather all the information to proceed to the next step.

During the second session: I will present you my ideas, inspired by the previous meeting, regarding a personalized ceremony of Drum Awakening, one that fullfills the requests made by the Drum's Spirit as well as your personal requirements and needs. We will discuss the details together, in order to obtain a complete description of the ceremony, that you will be able to perform on your own, awakening the Drum's Spirit, honoring it and forging a deep connection.

Price: 70\$

BOOK “AWAKENING THE DRUM”

*at least one previous experience of shamanic journeying is necessary.

COMPLETE PACKAGE “THE POWER OF THE DRUM”

This package is the sum of “DREAMING THE DRUM” and “AWAKENING THE DRUM”, offered together at a discounted price.

Since the second half of the package requires the Drum to be realized, to go forward it will be necessary to buy one (or make it yourself). Once the package has been bought, you will be the ones deciding the time frame. After completing the first part, for instance, you could decide to wait up to one year, before

completing the second one: you will have all the time you need to procure your Drum.

Price: 120\$

BOOK “THE POWER OF THE DRUM”

SOME IMPORTANT NOTES:

- The price of these packages doesn't include the cost of a made by order Drum.
- Nobody can establish a deep bond and a relationship with the Spirit of your Drum, other than yourself. My work is not about walking the path in your stead, but about putting my experience (as Drum maker, shamanic practitioner and Priestess) at your disposal; to guide and support you in this extraordinary journey.
